# INSTRUCTIONS

*Templates for paper model are saved as png images (600 DPI resolution). On every single template, there are written correct sizes of paper sheets together with recommended paper weight (right next to Spendlik Paper Models logo). Rulers around every template can be used for checking correct size of printed model.*

*For more free paper models visit my site  
[www.SpendlikPaperModels.com](http://www.SpendlikPaperModels.com)*
